Dear Parent,

As part of the TDSB Vision of Hope, one of the three areas we are focusing on is parent and community engagement. We want to hear from you. What are we doing well in our schools and where are the areas for improvement? A Parent Satisfaction Survey has been developed to receive feedback directly from you about your child's school.

Survey results will provide a benchmark against which future progress can be measured. Data will help inform our overall Board Improvement Plan and School Improvement Plans. Your opinions will guide decisions that directly impact our students.

The survey is anonymous and confidential and only our research staff will have access to the information. To protect your privacy, your child's name and student number are not on the survey.

The Parent Satisfaction Survey will be available online only in 22 languages beginning on Tuesday April 6. To complete a survey, please visit [www.tdsb.on.ca/parentsurvey](http://www.tdsb.on.ca/parentsurvey).

If you have any questions, comments or do not have internet access at home, please speak to someone in the office at your child's school who will help find a way to complete the survey.

Thank you for taking the time to complete the survey and offer input into your child's educational experience at the TDSB.

Sincerely,

A handwritten signature in black ink that reads 'Chris Spence'.

Chris Spence  
Director of Education
